Guildford, Surrey, GU4 7PX

DDK MACHINE MOVERS PACKING SERVICE

DDK can provide a full packaging service. All machinery will be professionally and carefully packed ready for onward transportation. If required, machinery will be ergonomically packed and sealed, preventing any moisture damaging the machine

Cases are individually produced using high-quality materials such as ply, OSB, seasoned timber, industrial strength screws and ring-shank nails for all of our wooden crates, cases and bases. This ensures the safety of exported goods on overseas journeys.

Ergonomic Sealing Ex.1

Ergonomic Sealing Ex. 2

Packing Ready for loading

Ready for onward Transport
